

Join **Randstad** and build your career with an industry leader in the steel structure and petrochemical sectors!

We are looking for an experienced **Welder (MIG / TIG)**.

The position combines work at the production facility in Płock with field project deployments across Poland (and potential international assignments).

## welder (MIG/TIG)

Nr ref.: 411/7/2026/EM/269758/jobs.pl Płock (mazowieckie)

### What you can expect from us?

- competitive salary - base contract rate of 5,400 – 5,600 PLN gross / month, with realistic monthly earnings of around 8,000 PLN gross / month (including working hours and allowances)
- work 10 hours from Monday to Saturday
- plenty of overtime hours paid according to Polish Labor Law
- direct employment contract with full ZUS insurance, paid annual leave, and long-term stability
- free accommodation - completely organized and provided (hotel during field sites)
- free transport - provided for field work locations
- full legal support

Employment agency - entry number 47

*this job offer is intended for people over 18 years of age*

### What we expect from you?

- valid Polish MAG / TIG welding qualifications
- practical experience in welding and technical works
- technical skills and manual dexterity
- ability to read technical drawings
- communicative English skills
- readiness for long-term cooperation and field deployments
- readiness to pass a mandatory practical welding test on-site

### What will your tasks involve?

- performing MIG / TIG welding works in the steel structure sector
- reading and working with technical drawings
- operating power tools, calipers, and measuring tapes
- carrying out welding tasks both in the plant and on field construction sites
- handling steel processing and maintaining quality standards
